

Live Stock Markets Slow at a Decline From Former Prices. No Prime Bees Were Offered. Choice Sheep Are a Shade Higher and Lambs Weak and Lower.

There were close to 90 car loads of cattle on sale at East Liberty yards at the opening of markets Monday morning against 60 loads the previous Monday. More than a half of the offerings were from Chicago. There were no primes on sale this week and the proportion of good beves was small. Buyers were present in smaller force than usual and markets opened dull and slow, at a decline of 10 to 15c per cwt from last week's prices. The low quality and large receipts were favorable to the bears who made the most of their opportunity to depress markets. Our local trade calls for about 75 carloads and the week's offerings are so far above 100 carloads. A dozen or more head were sent on in first hands for want of satisfactory offers. So far as could be learned the highest price paid for cattle was \$17.50. Fresh cows were in light supply, and the highest prices were steady at last week's prices, the top of the market being 7c per lb.

Hogs—There were 27 loads on sale Monday morning. Total receipts were obtained so far above 40 carloads. Markets sluggish at a decline of 10 to 15c per cwt. Sheep and lambs—There were about 35 carloads on sale this week. Markets were firm at a shade higher prices for sheep of choice quality and lambs. A few of the smaller lots, common and low grades of sheep and lambs were weak and slow at a slight reduction from last week's prices.

A Live Stock Firm's Review. Following is report of the week's transactions by William Holmes & Co.: We report 30 loads of cattle on sale this week, against 20 loads the week before. The balance were principally from Ohio and Indiana. The market was very quiet, and the demand did not appear to improve, and the country East and West is weak, with supplies more than equal to demand. From present outlook we are of the opinion that for future delivery with the expectation of continued upward movement in the market, will meet with a disappointment and loss of money, as our export market is light. Since Monday receipts continued light and prices steady to shade higher. We quote prime to extra 1,000 lbs to 1,500 lbs at \$4.00 to \$4.25; mixed, 1,000 lbs to 1,300 lbs at \$3.50 to \$3.75; 800 lbs to 1,000 lbs at \$3.25 to \$3.50; mixed, 800 lbs to 1,000 lbs at \$3.00 to \$3.25; fresh cows and springers, \$2.00 to \$2.50 per head.

East End Dickers. A Nineteen-Acre Tract Picked Up by Two Iron Manufacturers. Money Dumped on Squirrel Hill. Rapid Transit as a Factor in Upholding the Real Estate Market.

It was stated in this column a short time ago that an important deal in East End acreage was pending. It was subsequently closed, but for business reasons no report of it was made at the time. It now reaches the public through an outside channel. The sale was made by Reed B. Coyle & Co., and is that of the Edward House tract in the Squirrel Hill district, 19 acres and several old frame buildings, bounded on the north by Beacon street, on the south by Douglas, on the east by Shady lane, and on the west by Murray avenue. The purchasers, who desire their names withheld for the present, are two prominent iron manufacturers. The consideration was \$50,000.
